***Information Disclosure Statement***

1. The IDS filed 5/5/5 has been considered.

***Claim Rejections - 35 USC § 112***

2. Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, for example, the phrase "strip like" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or the like"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d). Similar to claim 1 are claims 3 and 6.

Regarding claim 4, line 6, the recitation "the connection being made.." is not clear. It appears that there are more than one connection, but which one or all of them?

***References Cited***

3. The references of interest are cited: Crowley et al. (US 2007/0176287 A1) disclose a device including a substrate 12 which made of fiber-reinforced plastic material. DiStefano et al. (US 7,166,914 B2) show in Fig. 15 a substrate 352 made of glass fiber reinforced epoxy, and Majumdar et al. (US 5,703,399) show in Fig. 18, a substrate 59 made of an epoxy resin reinforced with glass fiber. However, none of the reference discloses the limitations as set forth in claims 1 and 4.

4. Claims 1-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jasmine J. Clark whose telephone number is (571) 272-1726. The examiner can normally be reached on Flex.
